# I Summary Information

The forecasts for the FY2023 have been changed from the previous forecasts announced at the first six months of FY2023 financial results announcement on July 31, 2023.

\* R&D expenses fluctuate significantly due to aggressive business investments for medium-/long-term growth. For this reason, Torii sets operating income before deduction of R&D expenses as a numerical income indicator in the medium-term management plan.

Update since the previous announcement on July 31,2023:

- •JTE-061 for the indication of atopic dermatitis in children has entered into the clinical stage(Phase II ) in Japan in August 2023. (previous announcement : Development stage[Phase II ])
- •JTE-061 NDA filing for the indication of Atopic dermatitis and Proriasis Vulgaris by JT in September 2023.(previous announcement: Development stage[PhaseIII])

#### Additional Information

• In January 2023, Torii entered into a licence agreement with Nogra Pharma Limited(Nogra) for an exclusive licence in Japan to develop and commercialize NAC-GED-0507, a treatment drug for acne vulgaris developed by Nogra.

Torii and its parent company, JT (specifically, the pharmaceutical division of the company) each leverage their own pharmaceutical product and service strengths. Torii is primarily responsible for manufacturing and marketing functions, while the parent company is responsible for research and development functions. For the clinical research and development of JT, please refer to the following company's website.

# III Financial Forecasts for the FY2023

The forecasts for the FY2023 have been changed from the previous forecasts announced at the first six months of FY2023 financial results announcement on July 31, 2023.

\* R&D expenses fluctuate significantly due to aggressive business investments for medium-/long-term growth. For this reason, Torii sets operating income before deduction of R&D expenses as a numerical income indicator in the medium-term management plan.
